To whom it may concern,

RE: 15KW Solar PV for Treendale High Care Accommodation Facility  
10KW Solar PV for Treendale Respite Facility

In our experience, Project Green Power has approached this project with exceptional professionalism and responsiveness. From the initial energy audit with George Papos, that quickly identified significant savings and return on investment, to the installers that carried out the work with minimum disruption to our day to day activities. I would highly recommend George and his team to anyone looking for a solar system.

Yours sincerely

A handwritten signature in black ink, appearing to read 'Justin Lingard', with a large, stylized flourish at the end.
